Introduction

The Physicians Plus provider directory lists the addresses and phone numbers of health care providers and hospitals in the State of Wisconsin/Wisconsin Public Employers provider network. Use the directory to choose a primary care physician (PCP) whose office is located near your home or workplace, and to find important information about accessing the health care services covered by your plan.

If you would like printed information about hospital or medical group affiliations, board certifications, hospital accreditation, gender of practitioner, languages spoken by practitioner, or an explanation of each item listed above, please contact Member Service.

This provider listing was accurate at the time of printing. However, some changes may have occurred since the printing date. Our online provider directory at www.pplusic.com is updated weekly and has the most current information about our providers. If you have a question about the availability of a particular provider, please contact Member Service.

Choosing a Primary Care Physician (PCP)

Each Physicians Plus member must choose a primary care physician. PCPs provide general medical services, refer you to specialists if necessary and coordinate your overall health care. PCPs are trained to diagnose and treat a wide range of diseases and illnesses. They work directly with specialty providers to coordinate specialized care, if needed. Family members may each choose a different primary care physician to suit their individual needs. We encourage you to establish a strong relationship with your PCP.

PCPs include family practitioners, internal medicine doctors, pediatricians, and in some cases, obstetricians/gynecologists. In some locations, nurse practitioners (NPs) and physician's assistants (PAs) are also members of the health care team. Although they may be extensively involved in both the delivery and coordination of your overall care, they **cannot** be selected as your PCP.

Types of PCPs

Family Practice: Family practitioners provide medical care for all ages. Some family practitioners also provide obstetric care.

Internal Medicine: Internal medicine doctors provide general medical care for adults.

Pediatrics: Pediatricians provide general medical care for infants, children, adolescents and young adults.

Obstetrics and Gynecology: Obstetricians and gynecologists specialize in health care for women, including care during and after pregnancy.

Some physician's practices may be full. PCPs with closed practices at the time of printing are identified in this directory. For help selecting a PCP, contact Member Service at (608) 282-8900, (800) 545-5015 or ppinfo@pplusic.com. After selecting your PCP, write their name on your Application Form.

Changing Your PCP

If you want to change your PCP, you may do so online at www.pplusic.com by using GO-TOSM (our online health plan management system), or by contacting Member Service by e-mail or phone. You must also contact your payroll department with this change. **The change will be effective on the first day of the month following the date we receive the notification.** When you have an appointment with your new PCP, please ask them to transfer your medical records from your previous PCP's office or clinic.

Special Codes Legend

Health care providers do not automatically accept new patients all the time. The following symbols appear next to primary care and behavioral health providers' names throughout the directory. After selecting a provider, please call the provider's office to verify that they accept new patients.

- ✓ Indicates a Meriter Choice Reward Plan provider.
- A physician extender cannot be chosen as a PCP. Please select a physician at this location.
- Accepting new patients.
- PCP accepting new patients. This physician also provides obstetric care.
- * This practice is restricted to current patients only. You may select this doctor as your primary care physician only if you are already a current patient.
- ◆ This practice may be very busy or limited, and you may experience delays in scheduling appointments. Please call the physician's office to determine availability.
- ~ This practice may be very busy or limited, and you may experience delays in scheduling appointments. Please call the physician's office to determine availability. This physician also provides obstetric care.

Hospital Codes

The following hospital codes appear next to physicians' names throughout the directory to indicate the hospital affiliation(s) of each physician.

BD – Beaver Dam Community Hospital

BR – Berlin Memorial Hospital

BO – Boscobel Area Health Care

CO – Columbus Community Hospital

DS – Divine Savior Healthcare

ED – Edgerton Hospital and Health Services

FA – Fort Atkinson Memorial Health Services, Inc.

GR – Grant Regional Health Center

HM – Mile Bluff Medical Center, Inc.

LA – Memorial Hospital of Lafayette County

MH – Meriter Hospital Inc.

MV – Moundview Memorial Hospital

RE – Reedsburg Area Medical Center

RI – Richland Hospital

RV – Riverview Hospital

SP – Sauk Prairie Memorial Hospital

SC – St. Clare Hospital

SJ – St. Joseph's Health Services, Inc.

ST – Stoughton Hospital

UP – Upland Hills Health Inc.

UW – UW Health- UW Hospital & Clinics

WT – UW Health Partners

Watertown Regional Medical Center

WP – Waupun Memorial Hospital

WR – Wild Rose Community Memorial Hospital Inc.

Specialty Care

Physicians Plus does not require a written referral for payment of claims in conjunction with specialty care received from a participating provider.

Your PCP refers you to another participating provider when they want you to receive specialized care outside the scope of their practice.

Some specialty services, including all non-emergency inpatient services and specific kinds of outpatient services (including elective or planned surgery, treatment and tests), may require prior authorization from Physicians Plus to ensure that the service is a covered benefit. Many services that require prior authorization are listed in the Uniform Benefits section of your "It's Your Choice" booklet. To obtain prior authorization, please have your physician call Health Services at (608) 282-8900 or (800) 545-5015.

Your Physicians Plus Identification (ID) Card

It is important that you take your Physicians Plus ID card with you each time you visit a physician's office, clinic or hospital. Presenting your ID card helps speed up the check-in process at the office, clinic or hospital. Your ID card includes your PCP's name and your member number. Because you are a State of Wisconsin or Wisconsin Public Employer member, a copayment is required for all emergency room visits. The copayment is waived when an emergency room visit directly results in hospitalization. It is the member's responsibility to pay the appropriate copayment at the time of service.

You receive a new ID card any time you change your PCP. If you have questions or would like additional cards for family members, please contact Member Service.

Questions?

Please contact Member Service, Monday–Friday, 8:00 a.m.–5:00 p.m. with any questions. To help us serve you more efficiently, please have your ID card or member number ready when you contact us at:

Phone: (608) 282-8900 or (800) 545-5015

E-mail: ppicinfo@pplusic.com

Web: www.pplusic.com

Mail: Physicians Plus Insurance Corporation
P.O. Box 2078
Madison, WI 53701-2078

Please note: Hearing- and Speech-disabled members can receive assistance from Wisconsin Relay (part of the Telecommunications Relay System) by dialing 711 anywhere in the United States.

After-Hours, Immediate and Emergency Care Services

Please attempt to contact your PCP before seeking care at an immediate/urgent care center or after-hours clinic. In addition, feel free to call our NursePlusSM information line toll-free at (866) PPLUSRN (866-775-8776) to speak with a registered nurse about any health care issue 24 hours a day, seven days a week. While clinic hours are generally Monday–Friday, 8:00 a.m.–5:00 p.m., many also have weeknight and weekend hours. Contact individual clinics for their operating hours.

Immediate/Urgent Care Situations

The immediate care center provides timely access to care when your PCP is not available; however, it is not a replacement for your PCP's office. If an immediate/urgent care situation arises, please contact your PCP's office first. Your PCP will direct you to the appropriate facility for care. If you are unable to contact your PCP or NursePlusSM, you may go to an immediate or urgent care facility without an appointment. You must use a facility in the Physicians Plus provider network when you are in the service area. For urgent care received from facilities that also provide emergency care, please note hours of urgent care operation.

Pediatric After-Hours Clinic

If your child's PCP is a UW Health pediatrician and your child requires medical attention after regular clinic hours, please call your pediatrician's office. The pediatrician on call or a pediatric nurse will discuss your situation and may direct you to the Pediatric After-Hours Clinic. The Pediatric After-Hours Clinic is available by appointment only. It is not a walk-in clinic.

Emergency Medical Care

Emergency medical conditions reveal themselves through acute symptoms of sufficient severity, including severe pain, leading a person with average knowledge of health and medicine to reasonably conclude that a lack of immediate medical attention will likely result in any of the following:

- (a) Serious jeopardy to the person's health or, with respect to a pregnant woman, serious jeopardy to the health of the woman or her unborn child;
- (b) Serious impairment to the person's bodily functions; or
- (c) Serious dysfunction of one or more of the person's organs or parts.

If you have a medical emergency, go to the nearest hospital emergency room for treatment. Visit Physicians Plus's participating hospitals, Meriter or University of Wisconsin Hospital, if you are in the Madison area when the emergency occurs. If you cannot get to the hospital immediately, call 911. Notify your PCP so they can coordinate your care. If you are admitted to a hospital, you and/or the hospital must notify Physicians Plus within 48 hours of the admission or as soon as is medically possible. For more information on emergency care services and when to use the emergency room, please refer to your Member Handbook.

How to Access Behavioral Health & Alcohol and Other Drug Abuse (AODA) Services

When you need a behavioral health provider, please contact:

Physicians Plus Behavioral Health Consultation System
(608) 233-3575 or (800) 683-2300, Monday–Friday, 8 a.m.–4:30 p.m.

A behavioral health professional assesses your situation and refers you to the appropriate provider. All behavioral health assessments and treatments require prior authorization.

For emergencies, please contact your therapist. If you do not have a therapist, or cannot contact your therapist, call the Meriter emergency room at (608) 267-6206, or the emergency room of any hospital in the Physicians Plus network. Emergency room personnel will refer you to the behavioral health/AODA professional on call. During working hours, you should contact the Physicians Plus Behavioral Health Consultation System.

Credentialing

Physicians Plus credentials its physicians according to standards set by the National Committee for Quality Assurance (NCQA). For initial credentialing and re-credentialing, we verify information such as Wisconsin license to practice, Drug Enforcement Agency (DEA) certificate, education/residency completion and board certification. We also search the National Practitioner Databank (NPDB) for protected information such as malpractice issues. During re-credentialing, which takes place every three years, we consider any member complaints reported against a practitioner. The Chief Medical Officer and the interdisciplinary Credentialing Committee review all initial and re-credentialing files.

If you have specific questions on a provider's educational background, please contact the clinic where that individual practices.

Note: The online provider directory is updated weekly at www.pplusic.com and has the most current information about our providers.

This provider listing was accurate at the time of printing. However, some changes beyond our control may have occurred since this material was printed. If you have a question about the availability of a particular provider, please contact Member Service.

Physicians Plus does not discriminate on the basis of disability in the provision of programs, services or activities. If you need this printed material interpreted, in an alternative format or need assistance using any of our services, please contact Member Service at (608) 282-8900, (800) 545-5015 or ppicinfo@pplusic.com. Hearing- and Speech-disabled members can receive assistance from Wisconsin Relay (part of the Telecommunications Relay System) by dialing 711 anywhere in the United States.

ALL SERVICES MUST BE PERFORMED BY A PARTICIPATING DENTAL PROVIDER This plan provides benefits for the following services	
Diagnostic Services Office Calls. Dental Exams. Bite-wing, full-mouth or panoramic x-rays or other dentally indicated x-rays. Professional consultations performed in conjunction with a covered service. Pulp vitality test. Emergency palliative treatment.	Covered in full. Covered in full. Covered in full. Covered in full. Covered in full. Covered in full.
Restorative Services Fillings on anterior (front) teeth with composite or synthetic porcelain and fillings on posterior (back) teeth with amalgam or composite fillings up to the amalgam reimbursement amount. Bases, retention pins and local anesthetic. Extraction of primary teeth (the first set of teeth) for dental caries (cavities) and dental abscesses. Extraction of primary teeth (the first set of teeth), except for purposes of orthodontic treatment. Stainless steel crowns and pulpotomies are covered on primary teeth only (the first set of teeth), not on secondary teeth.	Covered in full. Covered in full. Covered in full. Covered in full.
Preventive Services Routine Dental cleanings — 2 per calendar year Fluoride treatments for children through age 12. Oral hygiene instruction Sealants for children through age 14	Covered in full*. Covered in full. Covered in full. Covered in full.
Orthodontic Services Extraction of primary teeth (the first set of teeth) by a participating dentist for the purpose of orthodontic treatment. Orthodontic Services (per member per lifetime)	Covered at 50%. Paid at 50% up to \$1500 in covered services when provided by a Physicians Plus orthodontist. You must receive such services while covered under the policy, and treatment must be completed before the participant reaches age 19.
Other Dental Services: NON covered services such as crowns, bridges or teeth whitening. All services must be performed by a participating dentist.	Covered up to \$75 per member per calendar year.

* The routine dental cleaning benefit may be applied to periodontal maintenance cleanings. The member will be responsible for the difference in cost and additional services performed for periodontal disease maintenance not covered on this policy.

Note: This is only a general outline of Physicians Plus dental benefits, limitations and exclusions. This is not the contract document. A more detailed description of Physicians Plus Dental Plan coverage is available to each plan member. Coverage is subject to all the terms and conditions of the Group Master Policy, Medical Certificate of Coverage, riders and amendments issued.

See the DENTAL RIDER for policy details and reverse side for General Policy Exclusions and Limitations.

The Policy provides no benefits for:

- a) Treatment, services and supplies: for cosmetic purposes; to correct temporomandibular joint dysfunction; for removal of cysts and lesions of the jaw; in connection with orthognathic surgery; related to periodontal/inflammatory gum disease;
- b) Dental treatment, services and supplies provided in an Emergency Room that, as determined by Physicians Plus, does not meet the definition of a Emergency Medical Condition and/or Emergency Medical Care;
- c) Orthodontic treatment, services and supplies after the Member reaches age 19;
- d) Replacement of lost or stolen dentures or other prosthetic devices;
- e) Hospital treatment, services and supplies and hospitalization costs;
- f) Dental procedures designed to adjust vertical dimension or restore occlusion;
- g) Any precision attachments on partials, implants, transplants and any splinting procedures;
- h) Extraction of crowns and pulpotomies on Secondary Teeth;
- i) Fluoride treatments for Members 13 years of age or older;
- j) Removal or replacement of amalgam fillings unless dentally Indicated due to disease or decay;
- k) Nitrous oxide;
- l) Treatment, services and supplies provided or ordered by a provider other than a participating provider;
- m) Treatment, services and supplies not specifically identified as being covered under the policy;
- n) Treatment, services and supplies required in connection with, in follow up to, or as a result of a treatment, service or supply not covered under the policy;
- o) Treatment, services and supplies that are not dentally indicated or that are not appropriate to the treatment of a condition, as determined by Physicians Plus;
- p) Treatment, services and supplies provided when a member's coverage was not in effect under the policy. This includes care provided either prior to the Member's effective date of coverage or after the coverage terminated under the Policy, except as stated in Continuation of Coverage Section of the Medical Certificate;
- q) Dental Services for which benefits are paid under another part of the members group health plan with Physicians Plus;
- r) Treatment, services and supplies provided by periodontists, endodontists and prosthodontists, unless precertified by Physicians Plus;
- s) Drugs and medicines, except those received by a Member in a Participating Providers office.

We know it is difficult for a member to determine whether any non-emergency procedure or service will be covered before starting treatment. We encourage members to contact Physicians Plus to find out whether or not a treatment, service or supply will be covered and how much in benefits will be paid. If we prior authorize the treatment, service or supply in writing, payment will be made as long as coverage is in effect at the time the treatment, service or supply is provided to the member.

If a member or their dentist disagrees with our decision, the member may file a complaint or grievance in accordance with the procedure described in your Medical Certificate of Coverage.

Physicians Plus Insurance Corporation Practitioner and Facility Validation of Data

Element	Explanation of Element	How is this Element Collected?	How often is this Element Validated?	Limitations
Facility Name	Name by which the facility markets itself and is known in the community.	Element is validated upon initial contracting. Changes are submitted in writing to Physicians Plus by facilities as needed.	n/a	This information is self-reported. Facilities may not notify Physicians Plus of name changes in a timely manner. Data available from on-line provider search function is updated weekly.
Facility Address	Physical address of the facility.	Element is validated upon initial contracting. Changes are submitted in writing to Physicians Plus by facilities as needed.	n/a	This information is self-reported. Facilities may not notify Physicians Plus of address changes in a timely manner. Data available from on-line provider search function is updated weekly.
Facility Accreditation	Within our Provider directory, we display whether or not the facility is accredited by The Joint Commission.	Element is collected by Credentialing Staff during credentialing and recredentialing of facilities.	All hospitals are recredentialled every 36 months. During this process, this element is validated.	Facility may obtain or lose accreditation between credentialing cycles and if facility did not notify Physicians Plus we would not be aware of this change until the facility is recredentialled. Data available from on-line provider search function is updated weekly.
Practitioner Name	Name of the practitioner.	Element is collected on the initial credentialing application, during recredentialing, or by written communication from practitioner.	n/a	This information is self-reported. Practitioner may have a name change and fail to notify us of the change. Data available from on-line provider search function is updated weekly.
